

ANDY MYERS' LODGE

ON BEAUTIFUL
EAGLE LAKE

*"The New Generation Lodge
with the Old World Feel!"*

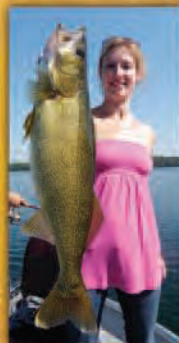

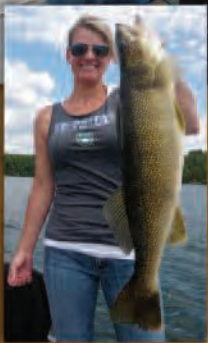

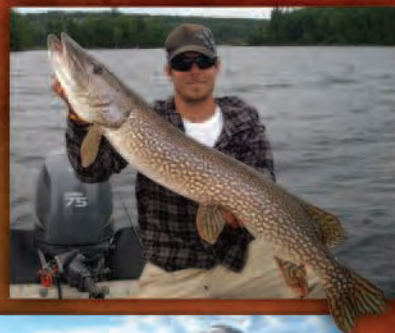

ALWAYS AN ADVENTURE!

www.andymyerslodge.com

email: info@andymyerslodge.com

Andy Myers Lodge is well known for its rustic, meticulously maintained lodge and cottages, beautiful setting and excellent fishing. The camp is hidden away in a quiet location on a bay named after us on beautiful Eagle Lake, just outside Vermilion Bay, Ontario. Eagle Lake is famous for its fishing and scenic beauty, which features 63,428 acres and more than 490 islands with many bays, channels, weed beds and drop-offs to explore. The average depth is 22 feet with a maximum depth of 110 feet. You are never far from a hot spot. Eagle Lake is unique in that it produces trophy fish of all five major species throughout the season and is one off the most exciting lakes to fish. It has world record Muskies, tasty Walleyes, feisty Smallmouths, tackle busting Northerns, and an excellent cold water fishery of Lake Trout and Whitefish. If that wasn't enough to keep you busy, we have boats on or accessible to Corner, Clearwater, Buzzard, McGregor, Bottle Bay, Violet, Stewart, Canyon, and the entire Indian Chain.

Our industry leading American Plan package includes a fly in or 4WD Guided Safari to one of over 18 other remote, secluded lakes. This is an adventure you will never forget. You literally could do something different and exciting every day of your trip.

The New Generation Lodge with the Old World Feel!

Besides being committed to making your stay as comfortable and relaxing as possible, there is a strong emphasis on providing you with fishing information. Owner, Steve Herbeck, has developed a reputation as one of North America's top guides and fishing instructors. Along with some of the best Fishing Pro's in the country as guest instructors and some of the finest local guides on staff in the industry your week will begin with an orientation seminar complete with marked maps, demonstrations on productive patterns and techniques to help get you started catching fish.

All guests and staff are introduced so everyone feels welcome and at home. This is followed up with a Wednesday night gathering to discuss any new or changing patterns and techniques that have developed during your stay. There is always good, old-fashioned fishing talk going on every evening in the lodge and if you need more help, just ask and you'll get it. Andy Myers is a stopping place for many of North America's top fishing pros and guest fishing instructors. They are always willing to share some of their secrets and tips.
